

PPE PRODUCT DATASHEETS

Individual product sheets for quick specification, sourcing and quotation discussions.

Creekohme Company | Nairobi, Kenya

FACE SAFETY

Face Shield Clear Visor

- Designed for eye and face protection in construction, fabrication and workshop environments
- Clear visibility for inspection, cutting, grinding and general site tasks
- Lightweight form for comfortable extended wear
- Suitable for pairing with compatible head and respiratory protection
- Helps reduce exposure to dust, flying particles and splash hazards

CODE	DESCRIPTION	SIZE
CH-FS-001	Face Shield Clear Visor	One size

EN STANDARDS

- EN166
- ANSI Z87.1

FACE SAFETY

Face Shield Dark Visor

- Designed for eye and face protection in construction, fabrication and workshop environments
- Clear visibility for inspection, cutting, grinding and general site tasks
- Lightweight form for comfortable extended wear
- Suitable for pairing with compatible head and respiratory protection
- Helps reduce exposure to dust, flying particles and splash hazards

CODE	DESCRIPTION	SIZE
CH-FS-002	Face Shield Dark Visor	One size

EN STANDARDS

- EN166
- ANSI Z87.1

FACE SAFETY

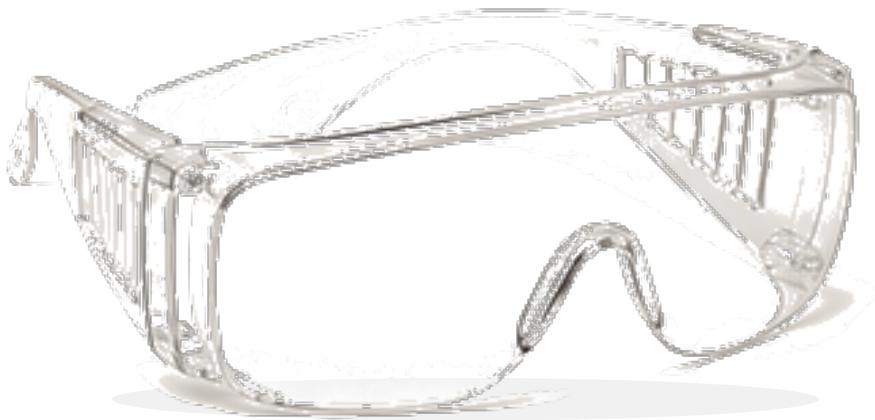

Clear Goggles ISP

- Designed for eye and face protection in construction, fabrication and workshop environments
- Clear visibility for inspection, cutting, grinding and general site tasks
- Lightweight form for comfortable extended wear
- Suitable for pairing with compatible head and respiratory protection
- Helps reduce exposure to dust, flying particles and splash hazards

CODE	DESCRIPTION	SIZE
CH-FS-003	Clear Goggles ISP	One size

EN STANDARDS

- EN166
- ANSI Z87.1

FACE SAFETY

Gas Welding Goggles

- Designed for eye and face protection in construction, fabrication and workshop environments
- Clear visibility for inspection, cutting, grinding and general site tasks
- Lightweight form for comfortable extended wear
- Suitable for pairing with compatible head and respiratory protection
- Helps reduce exposure to dust, flying particles and splash hazards

CODE	DESCRIPTION	SIZE
CH-FS-004	Gas Welding Goggles	One size

EN STANDARDS

- EN166

HEAD SAFETY

Safety Helmet with Ear Muffs & Mesh Visor

- Impact protection for active construction and utility environments
- Durable shell design for site, warehouse and field operations
- Adjustable fit system for day-long comfort
- Available in multiple colours for team or role identification
- Compatible with selected visors, earmuffs and chin straps

CODE	DESCRIPTION	SIZE
CH-HS-001	Safety Helmet with Ear Muffs & Mesh Visor	Adjustable

EN STANDARDS

- EN397
- EN352

HEAD SAFETY

Safety Helmets - several colours

- Impact protection for active construction and utility environments
- Durable shell design for site, warehouse and field operations
- Adjustable fit system for day-long comfort
- Available in multiple colours for team or role identification
- Compatible with selected visors, earmuffs and chin straps

CODE	DESCRIPTION	SIZE
CH-HS-002	Safety Helmets - several colours	Adjustable

EN STANDARDS

HEAD SAFETY

Protective Caps - several colours

- Impact protection for active construction and utility environments
- Durable shell design for site, warehouse and field operations
- Adjustable fit system for day-long comfort
- Available in multiple colours for team or role identification
- Compatible with selected visors, earmuffs and chin straps

CODE	DESCRIPTION	SIZE
CH-HS-003	Protective Caps - several colours	Adjustable

EN STANDARDS

- EN812

HEAD SAFETY

Bump Caps - several colours

- Impact protection for active construction and utility environments
- Durable shell design for site, warehouse and field operations
- Adjustable fit system for day-long comfort
- Available in multiple colours for team or role identification
- Compatible with selected visors, earmuffs and chin straps

CODE	DESCRIPTION	SIZE
CH-HS-004	Bump Caps - several colours	Adjustable

EN STANDARDS

- EN812

RESPIRATORY SAFETY

Dust Mask with Mini Respirator

- Respiratory protection for dust, particles and selected workplace aerosols
- Lightweight profile for construction, workshop and maintenance tasks
- Comfort fit for short and extended site activities
- Supports safer work in dusty or poorly ventilated conditions
- Select specification according to hazard assessment and site requirement

CODE	DESCRIPTION	SIZE
CH-RS-001	Dust Mask with Mini Respirator	One size

EN STANDARDS

- EN149
- NIOSH style

RESPIRATORY SAFETY

N95 Disposable Mask

- Respiratory protection for dust, particles and selected workplace aerosols
- Lightweight profile for construction, workshop and maintenance tasks
- Comfort fit for short and extended site activities
- Supports safer work in dusty or poorly ventilated conditions
- Select specification according to hazard assessment and site requirement

CODE	DESCRIPTION	SIZE
CH-RS-002	N95 Disposable Mask	One size

EN STANDARDS

- N95
